

Call for Contributions for the NLS Congress 2026

You can send us your clinical work, from today!

Deadline for submitting contributions: 10 April 2026

The selected clinical cases will be presented in person in Paris

Let's go!

Parallel Clinical Sessions

The 24th NLS Congress will be held in Paris on 27 and 28 June. It will be held in person at the Salons de l'Aveyron. The parallel clinical sessions will take place on **Saturday 27 June**. **The start time will be communicated at a later date, but they will end at 5pm.**

They will be presented in the Salons de l'Aveyron in Paris, some in English, others in French, with no translation; plus a bilingual room with simultaneous translation. Each speaker and each congress participant chooses their language at the time of registration.

We invite you to contribute to the work on the theme *Variety*. You have probably already thought of a case from your practice that is particularly close to your heart. It could be the subject of a clinical presentation. This would be an opportunity to unfold its coordinates and to approach it through one of the clinical angles below, which we suggest to you in order to help you orient your presentation.

Dialectic, certainty and fixation

Belief and disbelief

Fictions, myths and dreams

Children's Fictions

What varies – what does not vary

Fluctuations and rectification

Tearing of the veil, modesty and half-saying

Relaunching or stopping meaning

Remembering, narration and hystorisation
Deceptions, lies and evasions
Stumbling, bungled acts
Traumas and reconstructions
Negation, disavowal, denial, misrecognition
Revelation, emergence, insight

Your presentation will focus on a single clinical case. It will highlight a clinic under transference. It will allow the practitioner or analyst to appear in the picture and reveal the angle from which you apprehend the theme of Varsity.

You may draw on a conceptual reference, or even a quote, but these should not overshadow the development of the case.

Your contribution will be read by the scientific committee (English or French speaking).

It can be sent from today onwards to the following address:

varityNLS2026@gmail.com

Do not wait until the deadline of **10 April 2026** to write your contribution. Now is the time !

In the following format:

- Maximum **6,500 characters**, including spaces, written in Times New Roman font, size 12, line spacing 1.5.
- **Before sending it**, your text must be proofread by an English or French speaker and formatted strictly according to the above criteria.
- **The author** should propose a **short title**. Above the text, they should include their surname, first name, email address, telephone number, whether they belong to a Youth Space (if so, state your age) and the clinical angle chosen.
- The **subject line** of the email should be worded as follows: **Simultaneous NLS 2026 + SURNAME and first name**.

Please note: the call for contributions is reserved for members of the NLS and colleagues working within the framework of the NLS Societies, Groups, Initiatives and Youth Spaces, as well as associated clinical sections.

Patricia Bosquin-Caroz, for the Organising Committee of the Congress, with Éric Zuliani, Monique Kusnierek, Marina Frangiadaki, Peggy Papada, Frédérique Bouvet, Philip Dravers, Eleni Koukouli, Cecilia Naranjo, Thomas Van Rumst and Natalie Wülfing.
